

Chemistry Syllabus (Fall 2022)

Teacher: KK

Course Description

Chemistry is the study of matter and the changes it undergoes.

Supplies

Required:

- Paper
- Pencil
- Calculator
- Computer

Recommended:

- Color Pencils
- Binder

Grading

Grades are accessible on the school website through Infinite Campus (IC). Grades will be based on cumulative points earned and each test, lab, assignment, etc. will have appropriate point values assigned. Because students are expected to master the content, **grade recovery** will be ongoing throughout the school year. Students will be offered a make-up day on the last school day of each week. Students will also be offered two weeks at the end of the semester to make up any assignments (11/28-
