

# Assignments and Late Work

Students are expected to complete/submit assignments by due date. If work is not completed within 5 days of due date, the student will need to redo assignment or complete similar one that measure the same skills.

Assignments should be turned into the back table behind teacher desk with the appropriate class period label.

All assignments should be submitted through CANVAS prior to placing them onto the appropriate label tray.

Late assignments will not be accepted after the assessment (quiz, project, test, etc.) over that topic.

# Attendance and Absences

See student of conduct.
