World history course provides students with a comprehensive, intensive study of major

---

A test will be given for each unit on all material covered during that unit. Test formats will vary and may include multiple choice, technology enhanced items, and free response questions. Make up tests will be different from the original test.

---

Students will be assessed weekly during the course of each unit, covering the material learned the previous class day. The goal of these quizzes is to make sure you are staying current and caught up on the material, and to address any misunderstanding immediately. Quiz questions will be based on prior knowledge, homework and class instruction.

---

Practice assignments or activities completed during class will periodically be collected and graded for accuracy and completeness. Homework is to be placed in the designated baskets at the front of the classroom. If homework is assigned, it is due immediately at the beginning of class or will be used during discussions and activities.

---

Late work is defined as assignments that are submitted after the specified deadline. This does not apply to work submitted late due to absence from school. Students are expected to submit assignments on time. Multiple incidents of late work may result in teacher-student-parent conferences to examine and correct the student's work habits through an academic contract. Students in grades 6-12 may have their scores reduced by 5% per school day for a 25% maximum reduction (five school days). Late work submitted after the fifth school day will only be accepted at the teacher's discretion. Completing work in a timely manner during the learning unit is essential for academic success. If the score is reduced for late work, the teacher must make a notation in the Infinite Campus comment section of the gradebook to reflect the reduction for late work.

---

Use of technology during instructional time is a privilege and is up to the discretion of the teacher. Headphones may not be worn during class time unless permitted.

. Use of an electronic device without permission will result in disciplinary action. Students should familiarize themselves with the CANVAS platform.
