

Dear Parent,

The Executive Committee of the Georgia High School Association passed By-Law 2.67 establishing a policy that would modify practice schedules during times of extreme high temperatures and humidity. Every school must have a policy related to practice in extreme heat conditions, and a copy of the policy must be given to

and High School Students to Prevent Heat Related  
Illnesses.

For several years, the Richmond County School System has had a policy related to practice during extreme heat. The guidelines within the Heat Safety section of the Athletics Handbook refer only to coaches when they are performing coaching duties. It does not cover nor is it intended to cover the duties of anyone during their role as a teacher. If at any time you feel that a coach is not abiding by our policy, please contact the principal or you may call me at (706) 826-1126.

Thank you for your cooperation.

Sincerely,

Scott McClintock  
Director of Athletics  
Richmond County School System
